Product Information Leader – Belgium (*Liège*)

In order to reinforce the current team, we are looking for a Production Information Leader who will be responsible for accurate and up-to-date technical product documentation and information (within data base, brochures, ...) to support several departments within Schröder (R&D, operations, sales, marketing, communication ...):

Missions

- Collect proactively and analyze all product data / information within the appropriate tool (documentation on standard products, installation instructions, associated controls and beyond lighting systems)
- Ensure consistency / accuracy of technical information
- Share the information to the right persons (interface from the R&D team towards marketing, sales, communication and technical support departments within your assigned application area's) and propose solutions
- Maintain this product information database during the entire lifecycle of the products

Education / Experience

- Bachelor or master degree (communication, ...) or equivalent experience
- 3 – 5 years of relevant experience

Required Skills

- Languages : English (B2) + French
- Good reporting skills
- Perfect use of data base software / tools (InDesign, Photoshop, Solidworks, ... are a plus)
- Good communication skills & assertivity
