

Schröder

Experts in lightability™

Certification Project Manager – Liège (Belgium)

The company

Schröder is the leading independent smart outdoor lighting solution provider worldwide. The company, founded in 1907, is present in over 35 countries spanning 5 continents.

We believe that lighting can empower people, impact lives, support communities, and transform spaces, cities and the planet. We are experts at using light to its fullest potential, to bring meaningful moments to people in public spaces.

With more than 100 years of experience in lighting public and private spaces, we work with our customers to deliver practical, sustainable and beautiful lighting solutions tailored to locations from Brussel's Grand Place to Hong Kong's Avenue of Stars to Porto Maravilha in Rio de Janeiro.

We constantly innovate with next generation technology to develop solutions that are as positive for people as they are sustainable for the environment. Put simply, the right light where, when and how it is needed.

Job responsibilities

As Certification Project Manager, you will supervise the Certification Project Engineers and will report to the Validation Manager.

Main responsibilities :

- Management of ENEC, ENEC+, UL and other certifications (CE, EPREL, RCM...)
 - Liaise between the development centers, the laboratory and the certification authority
 - Establish with the development centers the certification planning (participation in development/lifecycle activity/certification follow-up meetings)
 - Establish with the laboratory the list of tests to be performed
 - Plan these with the laboratory
 - Establish the list of samples to be provided to the laboratory
 - Collect the test reports and establish the certification file
 - Ensure the presentation of these files to the certification authority
 - Report to the development center the remarks of the certification authority and iterate until the certification is obtained

- Management of ENEC, ENEC+, UL and other certificates (CE, EPREL, RCM...)
 - Ensure with the laboratory secretariat the management of the obtained certificates
 - Verify their validity according to validation periods, normative modifications and/or product modifications

Schröder
